

THE local option bill passed the house last Thursday by a vote of 53 to 41, receiving just two more votes than was necessary to save the bill. Not a democrat voted for the bill. Comment is unnecessary.

THE recent count of money at the New York sub-treasury revealed a discrepancy of \$35 out of a total sum of \$184,000,000 to be accounted for. This shortage resulted from the acceptance of a few counterfeit notes in the hurry of business and by the loss of a few pieces of silver. The loss was promptly made good and a receipt in full given to ex-Treasurer Hyatt, who was responsible under his bond for the entire amount.

"CAPTAIN" TANNER has been telling the people of the south what he thinks should be done by the government for the ex-soldiers of the Union armies. At the same time he pays a high compliment to the chivalrous spirit of the Confederate soldier. At Columbia, Tenn., recently, in the course of a speech, he said: "I will go under bond that the men who aided in the defense of the confederacy will give a unanimous vote in the affirmative to the proposition that not only in common decency and the natural promptings of the human heart, but the best and highest exposition of wise political economy demands, that the boys who are growing up to-day must not see the defenders of the Union, who in the past held life so cheap and country so dear that they freely flung life as a willing offering in the defense of country, permitted to go hungry or in rags."

The Gettysburg Dedication.
Governor Luce has issued the following to the public in regard to the dedication of Michigan monuments at Gettysburg and the transportation of such veterans as participated in that battle who are desirous of attending the ceremonies and are unable themselves to bear the expense:

Two years ago the legislature appropriated \$30,000 for the purpose of erecting monuments to mark the places occupied on the battlefield of Gettysburg by the 1st, 3d, 4th, 5th, 7th, 10th and 24th regiments of Michigan infantry; the 1st, 5th, 6th and 7th cavalry; the 9th battery (1) artillery; 1 and K companies 1st U. S. sharpshooters, and B company 2d U. S. (Berdan's) sharpshooters.

The monuments have been erected and will be dedicated according to the established custom June 12. The present legislature has appropriated \$5,000, or so much thereof as may be necessary, to be expended under the direction of the governor for the purpose of assisting in paying transportation to the said dedication to such survivors of Michigan organizations as were present and participated in the battle of Gettysburg, and who now reside in this state. So far as possible, I desire to distribute this appropriation to those who are entitled to its benefits through regimental organizations. Where such do not exist, members will report to me at their earliest possible convenience, with a statement of the company and regiment in which they served, and with the further statement that they participated in the battle, and I will devise the best possible way of extending to them the benefits of this appropriation.

Where organizations exist, the distribution will be passed over to the officers of the veteran organizations, and such officers will confer a great favor upon those most interested by writing to me at once the number entitled to the benefits of the appropriation in their organizations.

I cannot even approximate the sum that each will be entitled to until some idea of the number is secured. Arrangements have been made for transportation at a rate of one cent per mile for all who desire to go—citizens and soldiers. The fare from Lansing for the round trip will be \$12.50, and proportionately from other points. In no case will those who participated in the battle receive more than their transportation. The appropriation is confined to this.

A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Letz." Thus write W. C. Harnrick & Co., of Shelby, N. C.—Get a free trial bottle at Bartram & Millington's drug store.

[FROM LIFE]

Chestnut Stallion, bred by J. C. McFerran, Louisville, Ky., foaled 1884, 15 1/2 hands; actual weight, 1100 lbs.

Sire---NUTWOOD 2:18 3-4. (Book full at \$500 the season.) Has more colts in the '90 list than any trotting-sire, living or dead, of like age.

Out of the GREATEST DAM that ever lived! Brother of the FASTEST TROTTER in the world--Maud S. 2:08 1/2! And is the MIGHTIEST EXPONENT of the GREATEST LINE from Hambletonian 10!

Dam---SILENCE, by Alexander's Abdallah. (Could trot a '40 gait untrained.) Sister to the GREATEST CAMPAIGNER in the world--Goldsmith Maid 2:14! Sister to ALMONT, sire of the FASTEST SPEED to BARNES--Westmont 2:01 1/2! Sister to the dams of TWENTY-SIX TROTTERS with records better than 2:30!

Grand-Dam---WOODEINE. Dam of Wedgewood 2:10, who never lost a race in the Grand Circuit! Sire of Favonia 2:15. Dam of Woodford Mambrino 2:21 1/2. Grand-sire of Patron 2:14, the fastest 3-year-old stallion!

Here is true greatness. Every line is of the first order of excellence. No stallion in the state is better bred. None whose services are offered so low. His book is filled every year with great mares from all parts of the state. Be wise in time and breed while you have opportunity.

Hear what the highest living authority on the trotting-horse has to say of this breeding: "Nutwood is certainly the equal, if not the superior, of any trotting-sire in the world."--[J. H. Wallace, Editor American Trotting Register.]

That Winewood inherits great speed, as well as a great pedigree, his owner now proposes to demonstrate.
